企业简介 Company Profile

山东世纪星文体器材有限公司是一家专业生产健身器材的厂家；公司成立以来，其产品以物美价廉而受到客户的好评。

山东世纪星文体器材有限公司地处鲁北平原、环渤海经济圈腹地，是北方著名的商贸名城，有中国最大的金山寺、影视城位于庆云。它北依京津、南接济南，德烟铁路、德滨高速、津汕高速公路贯穿境内，信息发达，交通运输十分便利。

现代化的生产设备是生产高品质产品的保证，为提升产品质量，公司在建立健全质量检测，保障体系的同时先后引进了静电粉末涂装生产线、电动自动抛丸机、数控弯管机、自动线切割机机床等先进设备。提高了效率的同时，样样产品均超过了国标的要求，公司的生产和检测能力在国内同行业中达到了领先水平。

我公司率先在行业中先后通过 NSCC 国体认证、世界田径认证、国际网联认证、国际羽联认证、ISO9001-2008 质量管理体系认证、ISO14001 环境管理体系认证、职业健康安全管理体系认证，为解决第三方责任，公司的产品均在中国人民财产保险股份有限公司投保。本公司被国家体育用品质量监督检验中心评为定点检测单位。

雄厚的科技实力优良的产品质量，灵活的营销策略完善的管理体系，世纪星文体器材以这些独特的魅力，成为体育器材及健身器材、教学仪器行业中的一颗耀眼的新星，我公司以新奇特产品战市场，以合作共赢求发展的理念，不遗余力为中国体育事业、教育事业，贡献我们的力量。

Shandong Century Star Sports Equipment Co., Ltd. is a professional manufacturer of fitness equipment; Since the establishment of the company, its products have been praised by customers for their high quality and low price.

Shandong Century Star Sports Equipment Co., Ltd. is located in the hinterland of Lubei plain and Bohai economic circle. It is a famous trade city in the north, with China's largest Jinshan Temple and film and Television City in Qingyun. It is adjacent to Beijing and Tianjin in the north and Jinan in the south. Deyan railway, Debin Expressway and Tianjin Shantou Expressway run through the territory. It has developed information and convenient transportation.

Modern production equipment is the guarantee of producing high-quality products. In order to improve the product quality, the company has established and improved the quality inspection and guarantee system, and introduced advanced equipment such as electrostatic powder coating production line, electric automatic shot blasting machine, numerical control pipe bending machine, automatic wire cutting machine and so on. While improving the efficiency, the sample products have exceeded the requirements of the national standard, and the company's production and testing capabilities have reached the leading level in the same industry in China.

Our company takes the lead in passing NSCC national sports certification, world track and field certification, internetwork Federation certification, International Badminton Federation certification, ISO9001-2008 quality management system certification, ISO14001 environmental management system certification, occupational health and safety management system certification in the industry. In order to solve the third-party responsibility, our products are insured in PICC Property and Casualty Company Limited. The company was the national sports goods quality supervision and inspection center as a designated testing unit.

With strong scientific and technological strength, excellent product quality, flexible marketing strategy and perfect management system, Century Star sports equipment has become a dazzling new star in the sports equipment, fitness equipment and teaching equipment industry with these unique charms. Our company has spared no effort to promote the development of China's sports and education with the concept of new and unique product market and win-win cooperation, Contribute our strength.

Injection Molded Seats Series

SJ-A052

Design Patent

座板靠背：采用优质聚丙烯(PP)注塑加气体辅助成型工艺加工而成，结构稳定，座椅周边为双层结构座椅力学性能更高。优质的座椅添加剂(包括抗静电剂、紫外线吸收剂、抗氧化剂、少量热稳定剂等特质配方)。

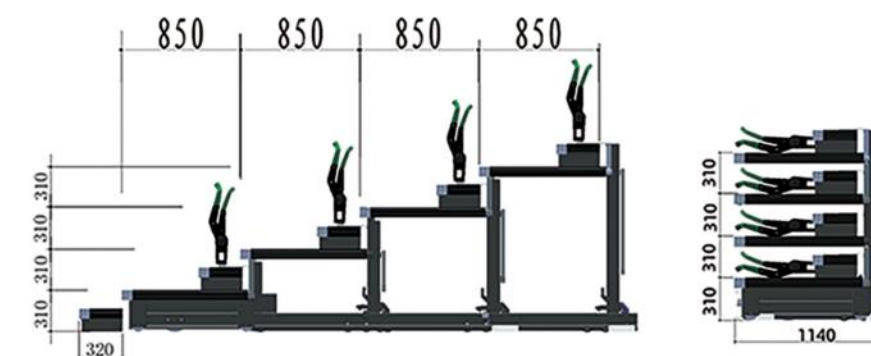

座椅支撑结构：高强度尼龙加玻璃纤维增强，100%防锈蚀。

翻转机构：双边隐藏式扭簧翻转机构，防止夹手。座椅带有集成的回程阻尼机构，翻转过程无噪音。

Seat back: Made of high-quality polypropylene (PP) injection molding and gas assisted molding, it has a stable structure and a double layer structure around the seat, with higher mechanical properties. High quality seat additives (including antistatic agents, UV absorbers, antioxidants, a small amount of heat stabilizers, and other special formulations).

Seat support structure: high-strength nylon and glass fiber reinforced, 100% rust resistant.

Reversing mechanism: Double hidden torsion spring reversing mechanism to prevent hand pinching. The seat is equipped with an integrated return damping mechanism, making the overturning process noiseless.

Injection Molded Seats Series

Main Features

1. The seats are fully folded to optimize the row spacing

2. The seat cushion and backrest are closed at the same height to minimize the sun exposure time of the seat and ensure that there will be no large color difference changes on the back of the long-term sun exposure.

3. Standardized galvanized metal rectangular tube for seat connection fixed beam.

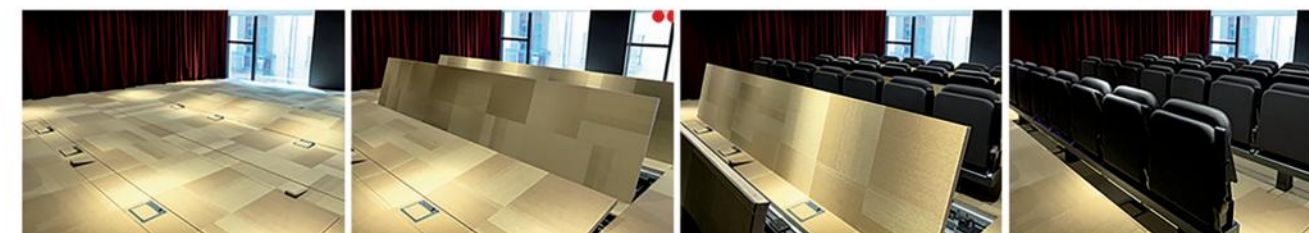

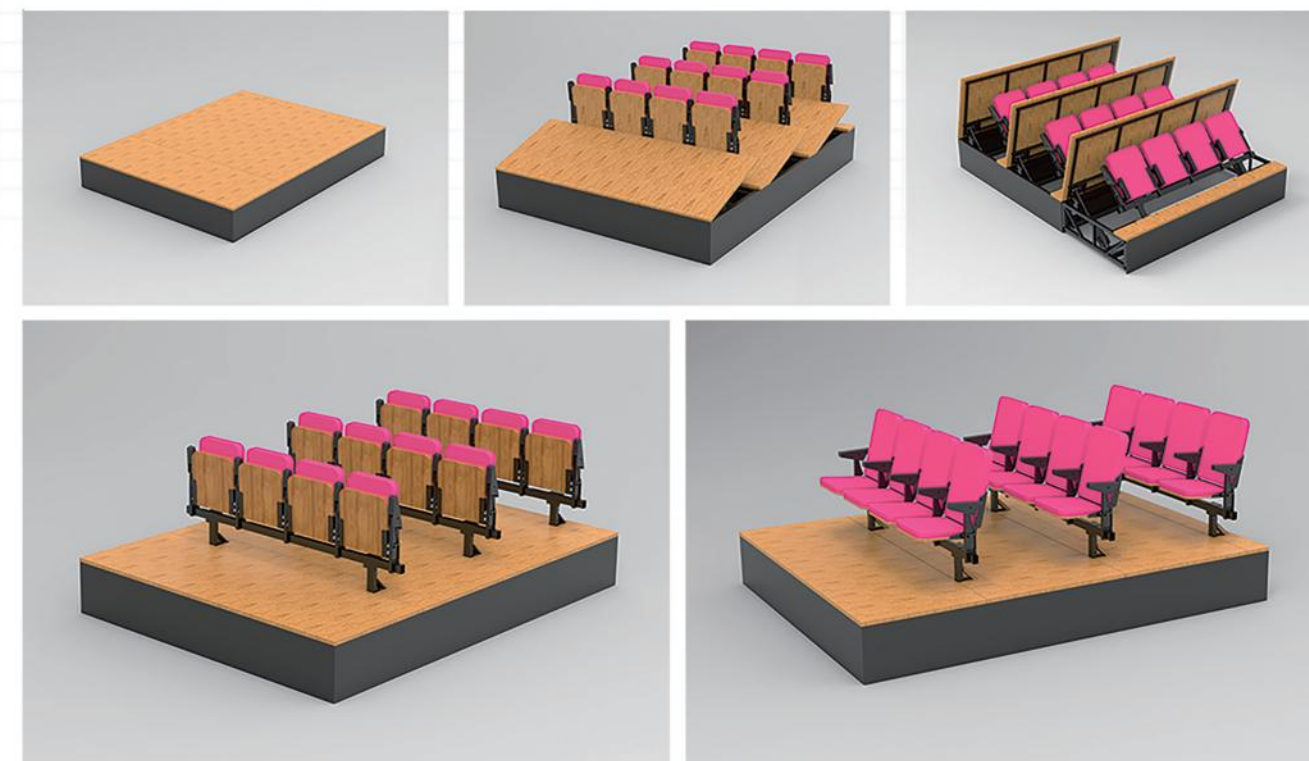

4. The seat is equipped with damping mechanism, which has soft slow start function and no noise.

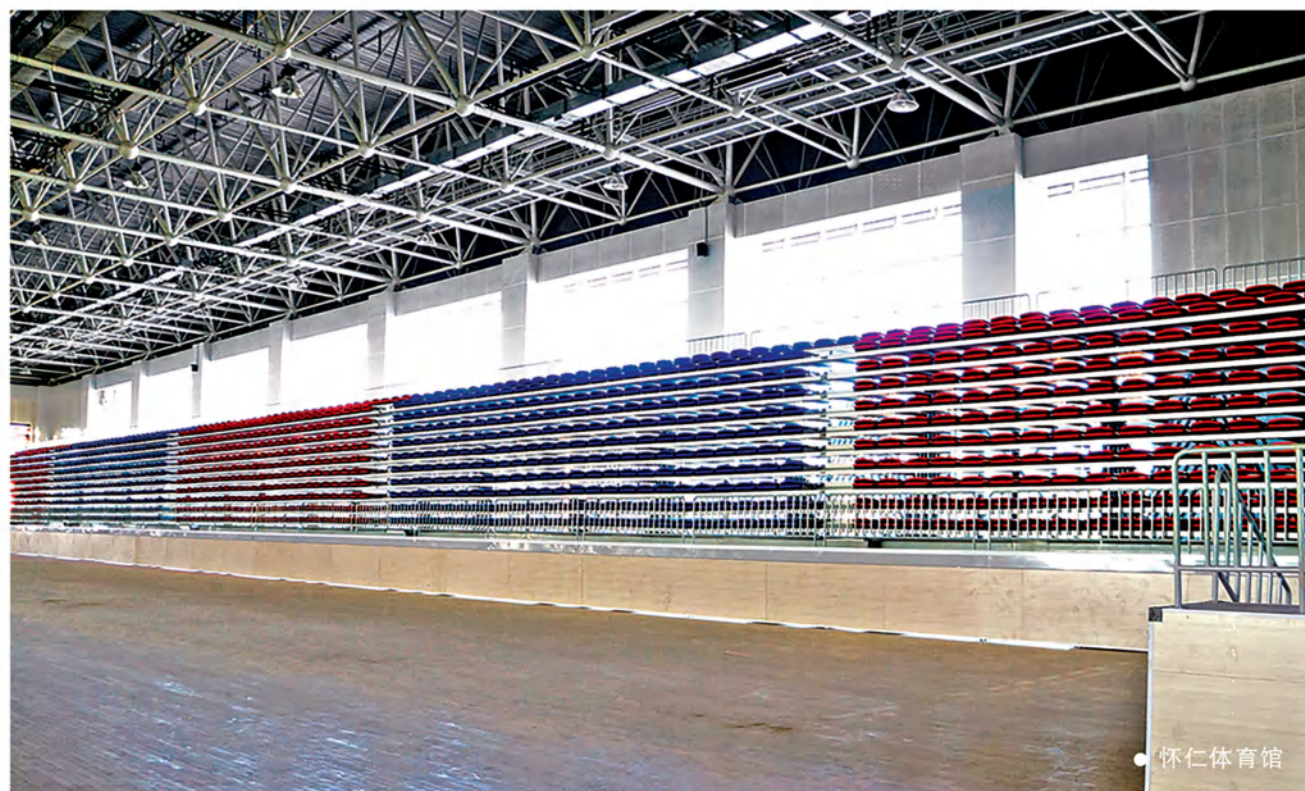

Floor Hidden Multifunctional Seat Series

Product introduction:

The floor Recessed multi-functional seating system is specifically designed for multi-purpose halls and is a seating system stored under the floor. When the seats are hidden, the whole hall frees up space to allow various types of programs, such as celebratory dinners, exhibitions and other events; When the seat is opened, various activities such as reports, meetings, speeches can be carried out to achieve the effect of improving the utilization rate of the space. The control system of the seats is automated and the room can be arranged in minutes. The folding and unfolding movements of each row can be individually programmed to bring maximum versatility.
